

Fishing Pools

Terms & Conditions

Clay Farm Fishing Pools offers a family friendly, fishing environment, in order to keep it that way, we strictly enforce the following rules -

- All nets must be dipped before leaving the car parking area to begin fishing.
- Barbless hooks only and no larger than size 10.
- No keep nets except for booked contests.
- Fish over 4lbs must be caught, weighed and released immediately during contests.
- All little and unused bait must be taken home.
- Use fish mats and handle fish very carefully. These fish provide sport for you and deserve to be treated well.
- Damaged fish - if you think a fish is ill or damaged beyond acceptability keep it on a net or dispatch it and report to management. (Remember, they would all be healthy if they had not been hooked).
- Do not drive on the grass.
- Anyone not observing the rules will be told to leave immediately.

If you wish to come fishing or to book a contest, please make yourself fully aware of these rules and adhere to them at all times whilst on site.
